of the Puppet-Friendly Cities

CALL FOR GRANTS AVIAMA 2019

Puppets and mobility

The International Association of Puppet-Friendly Cities (AVIAMA) gathers together cities and local governments from the world around puppetry and represents a real network of cooperation and exchange.

Objectives of the grants:

AVIAMA, which helps to forge links between the different countries, is particularly sensitive to the matter of mobility (travel and/or reception on-site) and the costs of which are often a blockage to the realization of the projects.

The nature of the supported project(s) must concern the field of puppetry arts under different aspects (research, learning, discovery, participation to an event ...) and take place primarily in one of the Member cities, without excluding, nevertheless, other cities.

No age requirement; but the Jury will be particularly attentive to requests from students or young professionals.

Calendar:

An appeal is launched each year.

About the 2019' grants, the call is made on November 15th, 2018

Deadline for sending the applications: January 31st, 2019

Send the complete application file to the following email address: contact@aviama.org
A confirmation of receipt will be sent to the candidates.

Communication of the choice of the selected projet(s) and the awarded amounts:
April 15th, 2019

Presentation of the Association and **Complet rules**, about these grants, on the website:

www.aviama.org
